

1982-83 CLCV CALIFORNIA LEGISLATIVE VOTING CHART

THE STATE BUDGET

Serious budgetary problems have forced massive cuts in spending, hiring and program maintenance at all levels of California government. Environmental programs have been hard hit, but at levels totally out of proportion to cuts in the rest of the state budget. Here are some of the critical cuts recommended by Governor George Deukmejian's staff, cuts which would, in the view of the CLCV and the environmental lobby, tear the heart from California's environmental protection program.

Air Resources Board: enforcement cut by one third, research cut in half

California Coastal Commission: planning support and legal staff cut by more than one half

California Energy Commission: conservation division cut by 60%, alternative energy division cut by 45%, legal and policy staff cut by 65%

Water Resources Control Board: legal staff cut by 45%

Solid Waste Management Board: legal staff cut by 45%

California Conservation Corps: three centers *closed*

APPOINTMENTS

Faced with legislative and environmentalist opposition to some of his new agency appointments, Governor Deukmejian is leaving several important posts unfilled. As of June 1st there is still no new head of the all important Department of Water Resources and the Department of Fish and Game. Following the Senate's veto of former Assemblywoman Carol Hallet's appointment to the Department of State Parks this office too is without a permanent director. Those already appointed, such as Resources chief Gordon Van Vleck, face tough confirmation hearings. Only when the final appointment is made and confirmed will the Governor's environmental policy at last take solid form and substance. Here are the list of current appointments made so far.

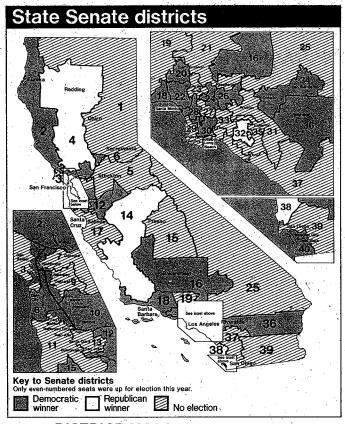

Secretary of Resources: Gordon Van Vleck
Secretary of Environmental Affairs: Gordon Duffy
Department of Food & Agriculture: Clare Berryhill
Secretary of Business & Transportation: Kirk West
California Conservation Corps: Robert J. Sheble
Department of Forestry: Gerald L. Partain
Department of Boating & Waterways: William H.
Ivers

SPEAK OUT!

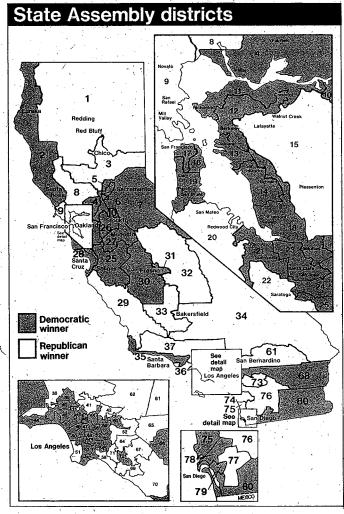

Do you want to keep your representative accountable? Write a letter or mailgram or call his or her office It is the best way to express your approval or disapproval of current environmental policies in Sacramento. One letter is often counted as 500 persons opinion.

During the legislative session you can send letters to your Senator or Assembly representative c/o the State Capitol, Sacramento, CA 95814. District office addresses and phone numbers can be found in the White Pages under "California, State of." Or just check the box on this chart's reply coupon if you want to join the CLCV's Legislative Alert-Mailgram campaign which automatically bills you for mailgrams sent to your representative. Get involved—your voice will be heard!

DISTRICT MAPS

The maps on this page show the districts used during the November 1982 General Election. New districts were drawn in 1983. The 1984 Edition of the State Voting Chart will include maps of the new districts.

WHO WE ARE

The California League of Conservation Voters is the campaign arm of environmentally concerned Californians. Our 20,000 are joined each month by 200 new conservation voters, working together to elect public officials who will stand up and fight for the environment.

We are non-partisan, believing that concern for the environment transcends all political parties. We emphasize voter education, believing that an informed public can influence policies and public officials in local, state and national government.

Last year more than one million voting households were visited by volunteers or staff members of CLCV who distributed information on the candidates and ballot measures facing voters in the 1982 election.

The League also prepares radio spots discussing key issues and candidates; conducts public meetings where voters can hear from and question public officials and candidates for public office; trains and recruits thousands of precinct workers and other political volunteers every year; and meets regularly with public officials to let them know what actions the public wants on important conservation issues.

KEY 1982 LEGISLATION

ENERGY

SB 1380 MONTOYA ENERGY RESOURCES: POWERS AND DUTIES OF COMMISSION

In its original Senate form, the bill would have revised or taken away many Energy Commission powers; including the power to comment on any Federal action or most actions of the Public Utilities Commission. The Senate version (opposed by conservationists) passed 23-3, but failed in the Assembly.

AB 781 LEVINE ENERGY CONSERVATION: RESIDENTIAL AND NONRESIDENTIAL BUILDINGS

AB 781 provides for retrofitting homes and apartments with cost effective energy conservation measures before any change of ownership. Supported by conservationists. Passed Assembly 45-24, failed in Senate. ☆

AB 1843 GREENE, L. BUILDING STANDARDS

Delays implementation of energy efficient building standards by one to one and a half years. These standards would result in new homes using up to 50% less energy than typical homes built today. Opposed by conservationists. Passed by both houses, chaptered into law (1982-507).

AB 2931 LEVINE UTILITY CONSUMERS: CORPORATION

Establishes a Consumer Utility Board to advocate the consumers' perspective at the Public Utilities Commission. Despite conservationist support bill was defeated in the Senate Energy and Public Utilities Committee on the grounds that the public is already sufficiently represented. Passed Assembly 48-26, failed in Senate.

ALSO LISTED:

AB 3442 LEVINE ENERGY: IMPLEMENTATION OF STATE POLICY 女女女

AB 2743 KATZ PUBLIC UTILITIES: CONSTRUCTION WORK IN PROGRESS ☆☆

WILDLIFE

SB 1333 PRESLEY CALIFORNIA MOUNTAIN LION

This bill strengthens State protection of mountain lion populations. Supported by conservationists despite weakening amendments added in the Senate Natural Resources and Wildlife Committee. Passed Senate 21-13, Assembly 58-11, chaptered (1982-610). ☆

BILL RATING KEY

= pro-conservation

anti-conservation

LAND AND WATER MANAGMENT

SB 1561 MADDY IRRIGATION DISTRICT INDEBTEDNESS

This bad water bill would empower a few irrigation districts and bond companies to issue debt without state approval and limited voter approval at reduced interest rates. SB 1561 would encourage local water grabs and jeopordize the system of State bond rating. Opposed by conservationists. Passed Assembly 61-11, Senate 34-0, enrolled.

AB 2568 HANNIGAN ENVIRONMENTAL QUALITY: AGRICULTURAL L'AND

This bill would provide that land designated as agricultural land be covered by the California Environmental Quality Act (CEQA). Any project on agricultural land would thus require an "initial study" by CEQA to determine if an environmental impact report is required. A valuable bill in that it encourages preservation of agricultural lands and protects such areas from potentially damaging projects. Passed Assembly 44-24, failed in Senate. ***

AB 3491 KATZ WATER RIGHTS

This bill would direct the Department of Water Resources to encourage voluntary transfers of water and water rights. The conservationist community supported this piece of progressive legislation which was designed to make water conservation attractive by allowing individuals and water districts to make a profit by selling rights to saved water. Passed Assembly 61-3, Senate 37-0, signed by Governor and chaptered.

ACR 108 MELLO NEW MELONES RESERVOIR: FILLING

This bill ended the ten year long fight by groups like Friends of the River to save the Stanislaus River Canyon. ACR 108 overuled the State Water Resources Control Board and authorized the filling of New Melones Reservoir. Passed Assembly 50-17, Senate 21-2, chaptered into law. ★★★

ALSO LISTED:

SB 1560 MADDY IRRIGATION DISTRICT FINANCING ★★

AB 801 LEHMAN AGRICULTURAL LAND PRESERVATION ☆☆

PARKS

SB 1632 SIEROTY STATE PARK CONCESSION CONTRACT

This bill, sponsored by long-time friend of the environment, Sen Al Sieroty, would protect State Parks from further "privatization" by demanding State approval of any proposed concessions in the park system. Passed unanimously in both houses and enrolled into law.

AB 2910 LEHMAN STATE PARK AND RECREATION COMMISSION: ABOLITION

This anti-environmental bill would have abolished the State Park and Recreation Commission and given that body's powers to a single Director of Parks and Recreation. Strongly opposed by the CLCV. Passed Assembly 43-25, dropped in Assembly Natural Resources Committee at the author's request.

AIR POLLUTION

SB 33 PRESELEY AIR POLLUTION: MOTOR VEHICLE INSPECTION & MAINTENANCE

Although the vehicle inspection and maintenance program set up by SB 33 in six urban areas of California is not as thorough as environmentalists would have liked, Senator Presley's bill is nonetheless landmark legislation which will make California's air substantially healthier to breathe. SB 33 requires motorists to have smog checks once every two years. Passed Senate 23-14, Assembly 67-5, signed into law by Governor. ★ ☆

AB 2525 HANNIGAN AIR POLLUTION: CRIMES

If passed in its original form AB 2525 would have substantially increased the penalties for air pollution violations. The bill was substantially watered down by the Senate Governmental Organization Committee, and as signed by the Governor will simply raise the criminal penalties for violators of air pollution laws from \$500 to \$1000 per day, maximum. Passed Senate 36-0, Assembly 49-20, signed by Governor.

SB 591 NIELSEN AIR POLLUTION STANDARDS:

Prohibition on adopting State standards more stringent than Federal standards. ★ ★ ★

SB 2752 KAPILOFF AIR POLLUTION STANDARDS: Acid Rain ☆ ☆

SB 1732 MARKS AIR POLLUTION:
Marine Vessels ★

OTHER LEGISLATION

AJR 17 LANCASTER TOXIC AND HAZARDOUS SUBSTANCE MANAGEMENT ☆☆

AB 2397 YOUNG OFF-HIGHWAY VEHICLES *

AB 3331 KATZ EXECUTIVE ORGANIZATION PLAN ★★★

COAST

SB 1214 NIELSEN SWAMP & TIDELANDS

This bill would remove from public trust environmentally sensitive tidal and submerged lands in the Sacramento-San Joaquin Delta. SB 1214 would have limited the public's right of access, fishing, boating, and commerce in these areas. Passed Senate 21-19, hearing cancelled in Assembly committee at author's request.

SB 1220 CRAVEN COASTAL ZONE BOUNDARY

This bill would have removed the fragile and beautiful Las Penasquitos Canyon from the Coastal Commission's jurisdiction after an optional drainage plan is prepared by the City of San Diego. Conservationists argued that the canyon needs Coastal Act protection. Passed Senate 24-1, now held in Assembly Committee on Energy and Natural Resources.

AB 3256 KAPILOFF COASTAL ZONE DEVELOPMENT AND ENFORCEMENT

This bill was needed to halt the increasing rate of destruction of important coastal resources such as wetlands, dunes, steep bluffs, and riparian areas. AB 3256 would have empowered the Coastal Commission to issue cease and desist orders and set restrictions against violators in areas under the Commissions jurisdiction. Passed Assembly 42-33, failed passage in Senate Finance Committee. **\(\frac{\pi}{\pi}\)

AJR 117 LEVINE CALIFORNIA'S OUTER CONTINENTAL SHELF: OIL LEASES

This joint resolution declares legislative support for the State of California's suit against Interior Secretary Watt over Outer Continental Shelf Oil and Gas Sale No. 68. Passed Senate 22-6, Assembly 46-22, chaptered by the Secretary of State (1982-R 143). ***

ALSO LISTED:

SB 1858 MARKS STATE LANDS: OIL AND GAS LEASES ☆

FORESTRY

SB 1797 JOHNSON, R. FOREST PRACTICES: TIMBER OPERATIONS AND VIOLATIONS

Another bill supported by the lumber industry, SB 1797 would reduce the penalty for violations of the rules and regulations of the State Board of Forestry from a misdemeanor to an infraction punishable by a fine not exceeding \$100. It would also reroute the submission and approval of timber harvesting plans away from the State Board. Opposed by conservationists. Passed Senate 28-0, held in Assembly Natural Resources Committee.

ALSO LISTED:

SB 720 GREENE, B. FOREST PRACTICES: EXEMPTION OF ENVIRONMENTAL QUALITY ACT

SB 856 KEENE FOREST PRACTICES: COUNTY TIMBER CODES AND OPERATIONS **

1982 CLCV CALIFORNIA LEGISLATIVE VOTING RECORD

ABOUT THIS CHART

This chart evaluates the 1982 session of the state legislature. It lists the votes cast in committee and on the floor of key bills relating to land use, coastal protection, energy, pollution, water, parks, and toxic substances.

COMMITTEES

Before a bill reaches the floor, it must first pass through the appropriate committee. After a bill is written (by a legislator or staff) it goes to the Rules Committee in either the Assembly or the State Senate which then assigns it to the committee which gives it its crucial first hearing. A bill can advance or easily die here, or it can recieve the first of many amendments. If it passes, the bill can either go to another committee (usually the fiscal committee) or to the floor where it is voted on by the full membership of the respective house.

Committees are small, tightly knit (or flercly polarized) bodies of five to fifteen legislators. Many have their own character of conduct as do their chairpersons, who wield substantial power.

Committee votes are recorded seperately from floor votes. Each legislator has received a cumulative score for all votes taken in committee. Liegislators with fewer than ten votes on the floor or five votes in committee recieved no score. In this year's version abstentions and absent votes do not count toward the cumulative score.

HOW TO READ THIS CHART

KEY

Y = Yes, pro-conservationist vote
y = Yes, anti-conservationist vote
N = No, pro-conservationist vote
n = No, anti-conservationist vote
- Absent or not voting

TYPES OF LEGISLATION

Bills propose changes in or additions to state law. They are referred to as Assembly Bills or Senate Bills, depending on their place of origin. In legislative shorthand they are assigned to a number and appear as AB 3331, SB 33, etc.

Concurrent Resolutions are used to adopt rules or create committees which bridge both the Assembly and the Senate. They can also express joint legislative intent and commend individuals for public service. They are known as ACRs or SCRs.

Joint Resolutions express legislative opinions on matters relating to the State of California and the Federal Government. Usually they urge passage or defeat of legislation pending before Congress. They are referred to as SJRs or AJRs.
